INFORMED CONSENT FOR TREATMENT

Thereby request and consent to the treatment of medical care, physical therapy, and/or chiropractic adjustments. This includes various modes of physical therapy, chiropractic, diagnostic x-rays, and possible medication and/or injections prescribed to me (or to the other patient named below, for whom I am legally responsible). I request to be treated by the doctors named below and/or other licensed doctors who now or in the future treat me while employed by, working, or associated with or serving as back-up for the doctors named below, including those working at Care Medical Center.

I have had an opportunity to discuss the nature and purpose of chiropractic adjustments and other procedures with the doctors named below and/or with other office or clinic personnel.

I understand and am informed that, as in the practice of medicine, chiropractic, and physical therapy, there are some risks to treating, including but not limited to fractures, disc injuries, strokes, dislocations, and sprains.

I also understand that there are risks to taking medication, including, but not limited to, rash, diarrhea, nausea, low-grade fever, dry mouth, restlessness, night sweats, increased heart rate, and depression as prescribed by the medical doctor.

I do not expect the doctors to be able to anticipate and explain all risks and complications, and I wish to rely on the doctors to exercise judgment during the course of the procedure, which the doctors feel at the time, based upon the facts, then known, is in my best interests.

I have read or have read the above consent to me. I have also had the opportunity to ask questions about its content, and by signing below, I agree to the above-named procedures. I intend this consent form to cover the entire course of treatment for my present condition and future condition(s) for which I seek treatment.

Office Financial Policy

Our policy is to extend to you the courtesy of allowing you to assign your insurance benefits directly to us. This policy reduces your out-of-pocket expense and will enable you to place your family under care.

1. If You Do Not Have Insurance: All payments are expected at the time of service or by an authorized payment plan. Your personal balance may be at most $100 at any time, or care may be terminated. Our payment plans make care an affordable part of your family's budget.

2. If You Have Insurance: All deductibles and co-payments are expected at the time of service or by an authorized payment plan. Your co-insurance balance may be at most $100, or care may be terminated. Our payment plans make care an affordable part of your family's budget.

You are considered a cash patient until you bring in your complete insurance information, and we qualify and accept your insurance coverage.

Our fees are considered usual, customary, and reasonable by most companies and therefore are covered up to the maximum allowance determined by each carrier. This statement does not apply to companies who reimburse based on an arbitrary schedule of fees bearing no relationship to the current standard of care in this area.

3. Payment Options: An affordable payment plan will be given at your report of findings. We offer payment by cash, check, post-dated check, credit card, or by care credit.

If you are a Medicare patient and your schedule of visits is once per month or longer, you will not be eligible for an insurance assignment. Charges for services rendered will be due as they are rendered.

If you discontinue care for any reason other than discharge by the doctor, all balances will become immediately due and payable in full by you, regardless of any claim submitted.

PRIVACY ACT OF 1974

The Privacy Act of 1974, 5 U.S.C. 552a, prohibits disclosures of records contained in a system of records maintained by a federal agency (or its contractors) without the written request or consent of the individual to whom the record pertains. This general rule is subject to various statutory exceptions. In addition to the disclosure of information for other purposes compatible with the purpose for which the information was collected by identifying the disclosure as "routine use" and publishing notice of it in the Federal Register. The Act applies to all federal agencies and certain federal contractors who operate Privacy Act systems of records on behalf of federal agencies—some federal agencies and contractors of federal statutes and regulations. For example, if the privacy regulation permits a disclosure, but the disclosure is not permitted under the Privacy Act, the federal agency may not make the disclosure. If, however, the Privacy Act allows a federal agency the discretion to make a routine use disclosure, but the privacy regulation prohibits the disclosure, the federal agency means not making the disclosure.
