# INFORMED CONSENT FOR TREATMENT

Thereby request and consent to the treatment of medical care, physical therapy, and/or chiropractic adjustments. This includes various modes of physical therapy, chiropractic, diagnostic x-rays, and possible medication and/or injections prescribed to me (or to the other patient named below, for whom I am legally responsible). I request to be treated by the doctors named below and/or other licensed doctors who now or in the future treat me while employed by, working, or associated with or serving as back-up for the doctors named below, including those working at Care Medical Center.

I have had an opportunity to discuss the nature and purpose of chiropractic adjustments and other procedures with the doctors named below and/or with other office or clinic personnel.

I understand and am informed that, as in the practice of medicine, chiropractic, and physical therapy, there are some risks to treating, including but not limited to fractures, disc injuries, strokes, dislocations, and sprains.

I also understand that there are risks to taking medication, including, but not limited to, rash, diarrhea, nausea, low-grade fever, dry mouth, restlessness, night sweats, increased heart rate, and depression as prescribed by the medical doctor.

I do not expect the doctors to be able to anticipate and explain all risks and complications, and I wish to rely on the doctors to exercise judgment during the course of the procedure, which the doctors feel at the time, based upon the facts, then known, is in my best interests.

I have read or have read the above consent to me. I have also had the opportunity to ask questions about its content, and by signing below, I agree to the above-named procedures. I intend this consent form to cover the entire course of treatment for my present condition and future condition(s) for which I seek treatment.

## Office Financial Policy

Our policy is to extend to you the courtesy of allowing you to assign your insurance benefits directly to us. This policy reduces your out-of-pocket expense and will enable you to place your family under care.

**1. If You Do Not Have Insurance:** All payments are expected at the time of service or by an authorized payment plan. Your personal balance may be at most \$100 at any time, or care may be terminated. Our payment plans make care an affordable part of your family's budget.

**2. If You Have Insurance:** All deductibles and co-payments are expected at the time of service or by an authorized payment plan. Your co-insurance balance may be at most \$100, or care may be terminated. Our payment plans make care an affordable part of your family's budget.

You are considered a cash patient until you bring in your complete insurance information, and we qualify and accept your insurance coverage.

Our fees are considered usual, customary, and reasonable by most companies and therefore are covered up to the maximum allowance determined by each carrier. This statement does not apply to companies who reimburse based on an arbitrary schedule of fees bearing no relationship to the current standard of care in this area.

**3. Payment Options:** An affordable payment plan will be given at your report of findings. We offer payment by cash, check, post-dated check, credit card, or by care credit.

If you are a Medicare patient and your schedule of visits is once per month or longer, you will not be eligible for an insurance assignment. Charges for services rendered will be due as they are rendered.

If you discontinue care for any reason other than discharge by the doctor, all balances will become immediately due and payable in full by you, regardless of any claim submitted.

## PRIVACY ACT OF 1974

The Privacy Act of 1974, 5 U.S.C. 552a, prohibits disclosures of records contained in a system of records maintained by a federal agency (or its contractors) without the written request or consent of the individual to whom the record pertains. This general rule is subject to various statutory exceptions. In addition to the disclosure of information for other purposes compatible with the purpose for which the information was collected by identifying the disclosure as "routine use" and publishing notice of it in the Federal Register. The Act applies to all federal agencies and certain federal contractors who operate Privacy Act systems of records on behalf of federal agencies—some federal agencies and contractors of federal statutes and regulations. For example, if the privacy regulation permits a disclosure, but the disclosure is not permitted under the Privacy Act, the federal agency may not make the disclosure. If, however, the Privacy Act allows a federal agency the discretion to make a routine use disclosure, but the privacy regulation prohibits the disclosure, the federal agency means not making the disclosure.

Narcotic Agreement

Patient Name: \_\_\_\_\_ DOB: \_\_\_\_\_

I agree to use opioids (morphine-like drugs) and/or scheduled drugs as part of my treatment for chronic pain. I understand that these drugs are very useful but have a potential for misuse and, therefore, are closely controlled by the local, state, and federal governments. Because my provider is providing such medication to help manage my pain, I agree to the following conditions:

1. I AM RESPONSIBLE FOR MY PAIN MEDICATION.

- a. I agree to take the medication only as prescribed. Initial \_\_\_\_\_
- b. I understand that increasing my dose without the close supervision of my provider could lead to drug overdose causing severe sedation, respiratory depression, and death. Initial \_\_\_\_\_
- c. I understand that decreasing or stopping my medication without the close supervision of my provider can lead to withdrawal. Withdrawal symptoms may include yawning, sweating, watering eyes, runny nose, anxiety, tremors, aching muscles, hot or cold flashes, "goose flesh, abdominal cramps, and diarrhea. These symptoms can occur 24-48 hours after the last dose and last up to 3 weeks. Initial \_\_\_\_\_

2. I will not request or accept controlled substance medication from any other provider or individual without notifying our office first. Doing so may result in dismissal from the Opioid program or discharge from the practice. Initial \_\_\_\_\_

3. I understand the side effects that are related to opioid/scheduled drug medication. Common side effects are nausea and vomiting (similar to motion sickness), drowsiness, and constipation. Lesser side effects are mental slowing, flushing, sweating, itching, urinary difficulties, and jerkiness. These side effects would occur at the beginning of any treatment and often go away within a few days without any treatment. Initial \_\_\_\_\_

4. I understand that I must contact my pain provider before taking alcohol and other drugs, such as sedatives, antihistamines, and muscle relaxants. These include medications like VALIUM, ATIVAN, SOMA, XANAX, FIORINAL and BENADRYL. These may produce profound sedation, respiratory depression, drop in blood pressure, and even death when taken with opioids. Initial \_\_\_\_\_

5. I understand that the opioid/scheduled drug medication prescribed is strictly for my own use and should never be given to others. Initial \_\_\_\_\_

6. During the time my opioid/scheduled drug dose is being adjusted, I will return to Care Medical Center at least one time per month or whenever instructed by my provider. Initial \_\_\_\_\_

7. In the event of medication changes (for any reason); ALL unused pills must be returned to Care Medical Center. No new medication prescription will be written until all unused medication is returned to the office to be counted and destroyed. Patients may not destroy and/or dispose of controlled/scheduled medications on their own. Initial \_\_\_\_\_

8. I AM RESPONSIBLE FOR MY OPIOID/SCHEDULED DRUG PRESCRIPTIONS AND REFILLS.

- a. Opioid/Scheduled drug prescriptions will not be called to my pharmacy. They must be picked up at Care Medical Center at my regularly scheduled appointment. Initial \_\_\_\_\_
- b. Prescriptions can only be written for a one-month supply and will be filled at the same pharmacy each time. Initial \_\_\_\_\_
- c. REFILL PRESCRIPTIONS WILL BE WRITTEN DURING REGULAR OFFICE HOURS ONLY. They will not be written and night, on weekends, or on holidays. Initial \_\_\_\_\_

Patient Name: \_\_\_\_\_ DOB: \_\_\_\_\_

d. Prescriptions will not be given if “I ran out early”, “lost”, “spilled”, or “misplaced” my remaining medications.

Initial \_\_\_\_\_

9. I am responsible for taking the medication the way it has been prescribed to me and for keeping track of the amount remaining. If my medication is stolen, I will report it to my local police department and obtain a stolen item report. A replacement prescription will be given at the discretion of the provider. Initial \_\_\_\_\_

10. I will call Care Medical Center at least one month in advance to schedule an appointment to have my prescription refilled if not already scheduled for a return appointment. I am aware that if I give less than one month's notice, I may not be able to schedule an appointment in a timely manner. Initial \_\_\_\_\_

a. “No-Showing” your appointment is considered a violation of this contract. Initial \_\_\_\_\_

11. I will bring unused pain medication to every office visit. Initial \_\_\_\_\_

12. A Monitoring Log will be kept with taper off the medicine over a period of several days, as necessary, to avoid withdrawal symptoms. A drug-dependence treatment program may also be recommended. Initial \_\_\_\_\_

13. In this case, my provider will taper off the medicine over a period of several days, as necessary, to avoid withdrawal symptoms. A drug-dependence treatment program may also be recommended. Initial \_\_\_\_\_

14. FORGING OR STEALING PRESCRIPTIONS, stealing or selling narcotics/scheduled drugs, use of illicit drugs, or abuse of alcohol are subject to discharge from the program. Initial \_\_\_\_\_

15. I understand as part of my treatment plan, there are risks for dependency and addiction with certain medications. But I also understand that *not* following the treatment plan (medications and/or procedures) as prescribed could pose a greater risk to my overall health and well-being. The patient verbalizes understanding of the potential dangers associated with taking prescription opioids, including, but not limited to, side effects, possible addiction, and/or potential interactions with other medications. The patient was given options regarding opioid addiction and treatment for detoxification. All questions were answered. Initial \_\_\_\_\_

16. I understand that “overdose” is a risk of opioid therapy which can lead to death. I understand and can recognize the signs and symptoms of overdose, including respiratory depression. Initial \_\_\_\_\_

17. I understand that I have been given the option, and it is recommended naloxone be prescribed because overdose is a risk of opioid therapy. I understand that naloxone is a drug that can reverse opioid overdose. I understand when and how to use naloxone.

a. I understand it is strongly encouraged to share information about naloxone with my family and friends.

b. I understand it is strongly encouraged to teach family and friends how to respond to an overdose.

Initial \_\_\_\_\_

18. While physical dependence is expected after long-term use of opioids, signs of addiction and/or psychological dependence shall be interpreted as a need for tapering and detoxification.

a. PHYSICAL DEPENDENCE is common to many drugs. These include blood pressure medication, anti-seizure medication and opioids. An abrupt stopping of these drugs can result in biochemical changes that will cause a withdrawal response. Initial \_\_\_\_\_

b. ADDICTION is a psychological and behavioral syndrome that is recognized when the patient abuses the drug to obtain mental numbness and euphoria, shows a craving behavior, or tends to “doctor shop”. Also, when the drug is quickly escalated without correlation to pain relief and/or when the patient shows a manipulative attitude toward the provider and/or staff in order to obtain the drug

TOLERANCE to a pharmacological property of certain drugs is defined as a need for a higher dose to maintain the same drug-related effect Initial \_\_\_\_\_

Patient Name: \_\_\_\_\_ DOB: \_\_\_\_\_

19. If it appears to the provider that there is no improvement to my daily function or quality of life from the controlled substance, my opioid/scheduled drug treatment may be discontinued. I will gradually taper my medication as prescribed by my provider. Initial \_\_\_\_\_

20. I agree to submit to urine and blood screens at any time as determined by my provider to detect the use of both prescribed and non-prescribed medications.

a. Urine screens must be performed immediately upon the request of Care Medical Center. LAW ENFORCEMENT AUTHORITIES MAY BE NOTIFIED REGARDING OUR FINDINGS IN URINE DRUG SCREENS.

b. A no-show may be cause for immediate dismissal from the opioid/scheduled drug program.

Initial \_\_\_\_\_

21. I agree to random pill counts. Presentation of medication must be within the designated time frame determined by Care Medical Center. You must provide a valid/working phone number/contact information so we will be able to contact you. Failure to comply may be cause for immediate dismissal from the opioid program.

Initial \_\_\_\_\_

22. I hereby attest that I am not currently, and there does not exist the possibility of my becoming pregnant at this time. Should the risk of pregnancy occur, I will immediately inform the physician and/or staff of Care Medical Center, and my treatment will immediately be transferred to my obstetrician. Initial \_\_\_\_\_

23. I hereby assume all responsibilities for any potential complications resulting from the use of narcotics/scheduled drugs on the fetus if I do not inform the staff at Care Medical Center possibility of pregnancy.

Initial \_\_\_\_\_

24. I authorize the provider and my pharmacy to cooperate fully with any city, state, or federal law enforcement agency, including Georgia's Medical Board and Board of Pharmacy, in the investigation of any possible misuse, sale, or other diversion of my pain medication. I agree to waive any applicable privilege or right of privacy or confidentiality with respect to these authorizations. Initial \_\_\_\_\_
